STANFORD, KY., TUESDAY, OCTOBER 10, 1905.

NO. 63.

OTTENHEIM.

Grady Tucker, son of W. T. Tucker, is the boss corn raiser in this section. He showed us several ears of corn that measured 14 inches in length and some of the ears had 16 rows.

Wm. Anderson has his grist mill in running order and it is one of the most conveniently located mills in this section.

Mrs. Rube Adams, who has been quite ill, is much improved at this writing. Miss Tevis Collier, who has been quite sick, is able to be out again.

Mitchell Whitt and S. J. Pollard have rented the well-known Louis Whitt grist mill and will give their customers satisfaction. The firm will be known as Whitt and Pollard.

Joe Coleman was told by a fortune teller that there was money hidden on his father's farm and he has mustered up courage and gone to digging on the spot that he was told.

A. J. Manuel has rented a farm in Garrard and will move to it in the near future. Ed White, who has been working at Springfield for some time, is back with the homefolks.

Hiram Kidd, who has been sick for some time, is much improved. Miss Maggie Livingston, who has typhoid fever, is doing as well as could be expected, says her physicians.

Constable McWilliams, Of Casey, Has An Experience With Buena Compton.

On last Wednesday, I as constable of Casey county, received a phone message from Mr. Wood, deputy sheriff of Lincoln county, to arrest Buena Compton, who had come to Casey that day. Mr. Wood said he had committed a felony. I found him and he refused to be arrested and finally tore away from me and a man I had helping me but I got his 32 Winchester and a 38 hammerless S. & W. revolver, his hat and most of his shirt. Not thinking of ever hearing of him again I went about my work and next morning he came and broke in my house, got his pistol, (could not find his gun) stole my wife's pocket book containing a small amount of money, stole a bill book from my coat pocket, which had all my circuit court work for the December term in it, some notes and a large number of accounts placed in my hands for collection. He also stole a shot gun and a small amount of money. If he comes on Casey soil again I am going to have blood hounds on his trail. I did not know he was an outlaw or I would have shot him. I was trying to arrest and not kill or wound him. He tried to shoot me.

JOE MCWILLIAMS.

Family Skeleton.

Many a person's family skeleton is a state of weak digestive organs inherited from careless ancestors. The skeleton can be laid to rest by Dr. Caldwell's (laxative) Syrup Pepsin. Better do so at once, otherwise it will dog you daily, and keep you in constant misery, and in danger from worse complications. Syrup Pepsin is a specific for indigestion, constipation, headache and biliousness. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

Thomas W. Lawson, of Boston, has sent out telegraphic invitations to a number of governors and other prominent men, asking them to act as a committee for policy holders, to bring about reform in the big life insurance companies. Gov. Beckham has not yet answered Mr. Lawson's telegram, but it is understood his reply will be favorable. In the event that Gov. Beckham accepts the invitation he may in turn, invite the committee to hold its initial meeting in Kentucky.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

A company has been formed at Birmingham for the construction through the mineral region in Alabama of the first electric locomotive system ever built in the State. The road will go from Gadsden to Tuscaloosa, by way of Birmingham, with side lines.

The Dawson Coal, Coke and Railroad Company has been incorporated to operate coal mines in Hopkins county and to build a railroad from Dawson Springs to Madisonville.

The transfer of the Tennessee Central to the Illinois Central and Southern is regarded as an assured fact, and an official announcement is expected at an early date.

The Bluegrass Tobacco Company, of Lexington, has bought the plant and brands of H. N. Martin & Co., Louisville.

KIDD'S STORE.

George Tucker feels to have increased appreciably in stature and physique since the addition of another young lady to his flock.

Lt. Col. Wm. Turpin illustrates the magnetism of Old Casey's hills and patriotism of her children by his return from the lime stone quarries of Indiana and repurchasing his old Frye's Creek farm, determined that his dust shall mingle with the pioneers in the old family grave yard.

Bro. Fitzwater is once more agitating denominational currents of Frye's Creek in propagandic work with a metaphorical club, which indiscriminately whacks heresy (?) of every other sect. The gentleman declares there are but sinless saints and sinners, and knowing himself not a sinner, he is necessarily sinless.

John Riffe has rented the Judge Elias Kidd farm for the ensuing year.

As Reggie Vanderbilt is taking in the horse show and side shows at Louisville, an invitation should be extended to him to see the street fair which is slowly drifting this way from Burgin and whose advance agent has expressed satisfaction with the cross roads prospects of this country.

Samuel Mounce, son of Wm. Mounce, well remembered by older citizens as the most universally admired old-time gentleman of his generation, is visiting relatives in this section, after an absence of 19 years in the West. Sam brought an accomplished young wife and two lovely children. He has prospered in Oklahoma, owns a farm worth \$8,000—not for sale and can be communicated with at New Kirk, Dr. Jesse Clay Riffe, of Clifton, Texas, is among numberless kinsfolk and friends after an emigration of 24 years. He left the State in '81, when a youth, with father and mother—both living now, and an uncle, Crit Riffe, M. D. The doctor's greatest wonderment is the exaggerated and grotesque remembrances of the topography of his native hills. Everything is contracted. Distances he thought miles are reduced to rods and elevations he estimated as mountainous and remote are nearby mole-hills, whilst he can toss a stone across the wide valleys. He lives in a level district.

A Tribute To Little Bertha Burleson.

God in his all wise providence saw fit to call from time to eternity Sept. 30, 1905, little Bertha Burleson, aged about eight years. Waynesburg Sunday school, of which she was a bright pupil, at its Sunday services Oct. 1, 1905, passed the following resolutions:

1st. That in the death of dear little Bertha Burleson, Waynesburg Sunday school has lost one of its best pupils and her parents a loving and only child. Again a beautiful bud has been plucked from a flower garden below and transplanted to bloom on the other shore.

2nd. This school extends its sincere sympathy to her parents in this their sad bereavement, and can only commend them to Jesus, who has promised to be with them in the sixth trouble and not desert them in the seventh.

3rd. That a copy of these resolutions be spread on the minute book of the Sunday school, a copy furnished the family of the deceased and a copy sent to the INTERIOR JOURNAL for publication. M. G. Reynolds, S. H. Gooch, J. M. Johnson, C. G. Caldwell, committee.

Made a Hit.

When Dr. W. B. Caldwell, the sage of Monticello, first prescribed his great remedy for indigestion, constipation and biliousness, now known as Dr. Caldwell's (laxative) Syrup Pepsin, its success was so great that it made an instant hit. Since then it has been used all over the world and has never failed to duplicate its first successes. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

An interesting development of the insurance investigation in New York Friday was the production of the payroll of the Mutual Life Insurance Company, which amounted to \$1,002,020 for the year 1904. The salary of President McCurdy, is developed, is \$150,000 a year, or three times that of President Roosevelt.

Wakes Homely Women Pretty.

No woman no matter how regular her features may be can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears away blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. Penny's Drug Store.

Since Pueblo, Col., has a woman "Policeman," criminals will find a few live mice a valuable part of their outfit, suggests the Louisville Times.

FOR OLD PEOPLE

Penny's Drug Store has a guaranteed Strength Creator.

Mr. Penny, of Penny's Drug Store, our well-known druggist, says "hundreds of old people right here in Stanford need just such a strength-maker and body-builder as our delicious cod liver oil preparation, Vinol, and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will strengthen and invigorate every organ in the body, stop the natural decline and make them well, strong and active."

This is because Vinol contains in a highly concentrated form all of the strength-creating and body-building elements of cod liver oil actually taken from fresh cods' livers, but without a drop of the system-clogging oil to upset the stomach and retard its work.

Vinol creates renewed vitality in the most natural manner, making rich, red blood, and building up and strengthening every organ in the body to do its work as nature intended. Many old people have written that they would not take \$1,000 for the good Vinol has done them.

In the strongest manner we endorse and guarantee Vinol to increase the appetite, give strength and renewed vitality to the aged, build up the run-down, tired and debilitated, make the weak strong, or return to the purchaser every dollar paid for it." Penny's Drug Store.

Doctors said He would not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." Penny's Drug Store.
